## BOATERS NEEDED

Safe boaters are needed to give kids an opportunity to compete in Bass Tournaments. Boaters must be at least 19 years old and out of high school. Boats must be a safe fishing platform for two anglers with a boater/coach aboard and must have live wells or other means of keeping fish alive. Boaters serve as coaches for these events and can help net and care for fish and advise anglers. In this format, boaters can fish if their boat/coach needs are met (catch/release) but are encouraged not to fish for fish the young anglers are targeting.

If you would like to be a boater/coach for this event, please call: Deanna Goff: 707-245-4833
